To whom it may concern,

I highly recommend Nino Beradze to you. I first met Nino 10 years ago when we came to Georgia. We were looking for a care-taker to be with our one year old daughter and she was recommended to us from a mutual American friend. I remember the times they had together were always positive and our daughter did very well in her care.

Nino also interpreted for me on several occasions and she was always wonderful to work with. Please accept my highest recommendation because I found Nino to be honest, trustworthy and dependable.

Sincerely yours,

Shirley Ocasio
